# Coronavirus **COVID-19 UPDATE**

Dear customers,

Our **shops** in Kilkenny, Clonmel and Dundrum Golf Course are **closed now** till further notice.

However our **online store still operates** and will do so as long as courier and post services are running.

Keeping our customers and staff safe is our first priority so we are taking all necessary precautions advised by HSE while dispatching and shipping all online orders.

We are a small family run company and at the moment we operate with reduced staff. We need to change the dispatching times to 2-3 business days but we'll be striving to ship your orders as soon as possible.

We try to keep our website updated, but at the moment things are changing rapidly and we cannot rely on international deliveries especially from the UK.

If we are out of stock of any product you've ordered we'll notify you by email. We might be able to offer a similar product instead or if this is not to your liking we'll refund you in full straight away.

As soon as we dispatch your order we'll send you a confirmation email with a tracking number. We'll be using Fastway couriers and AnPost for our deliveries and will try to supply a timeframe for your order, based on the latest available information.

Fastway couriers introduced [Contactless Delivery Process](#) for all their deliveries.

We want to thank you all for your continuous support. Stay safe, look after your families and we are here for you if you need us.

We hope that all of us will be able to enjoy this amazing sport soon and get through all of this together.

From all at O'Dwyers
